History of the Common Council of the City of Indianapolis

Indianapolis was established as a town in 1821. It was at this time that a commission, appointed by the legislature, selected this location as a site for a seat of government of the State of Indiana.

The Town of Indianapolis conducted its affairs pursuant to the general laws of the state until 1832. In this year the town was incorporated and was governed by a board of five trustees.

In 1838, pursuant to a special act of the legislature, Indianapolis was re-incorporated and placed in the hands of its first Town Council composed of a president and six members.

The Common Council continued in a large measure to control the affairs of Indianapolis as a town and as a city under various so-called charters or grants of the legislature until 1891.

Under a special act of the legislature of 1891 for the City of Indianapolis, a somewhat different form of government was established. While the Council continued to exercise broad control over the city's affairs, various executive departments of the city were provided, such as Public Works, Public Safety, Public Parks and Public Health, conducted by boards appointed by the Mayor. These boards were granted specific powers and duties concerning the city's business previously exercised by the Council through committees subject, however, in some cases to approval of the Council in all matters of expenditure of money and appropriation of funds by the Council.

For some time prior to 1891 the City of Indianapolis was divided into 25 wards represented by 25 Ward Councilmen. Their term of office was two years and they were eligible for re-election. At this time there was also a separate body operating in conjunction with the Council called the Board of Aldermen, composed of ten Aldermen, representing five Aldermen districts, two being elected from each district.

Under the 1891 act, the Board of Aldermen was abolished and a Common Council of 21 members was established. Fifteen members were elected to represent 15 wards and six members were elected to represent the city at large.

This form of Council continued to exist in Indianapolis under the general cities and towns act of 1905. The act of 1905, while often referred to as the Indianapolis Charter, is very largely a re-enactment of the 1891 Indianapolis Charter, modified to make the Indianapolis system applicable to all classes of cities of the state. The 1905 law increased the term of Mayor and Councilmen to four years and prohibited re-election.

In 1909 a novel Councilmanic law for Indianapolis alone was passed by the legislature. This law limits the number of Councilmen to nine. The law provides for the nomination by each party of six candidates, one from each of six Councilmanic Districts. In the election all of the voters of the City may vote for any nine candidates and the nine receiving the highest number of votes are elected. This law insures a minority representation in the Council of at least three members. In 1949 the legislature amended the statutes to permit Councilmen to succeed themselves.

History of the City—County Council of the City of Indianapolis

In 1969 the legislature enacted a law, popularly known as the "Unigov Act," which consolidated the City and County into one governmental unit. The act further provided for the creation of an interim City-County Council which served as the legislative body for the City and County until the new Council was selected in November, 1971, and took office in January of 1972.

The act provided for the division of the County into twenty-five single member Councilmanic Districts, each district electing one resident from that district. In addition, there were four At-large Councilmen, elected by voters of the entire County.

Unified Government of Indianapolis-Marion County is an attempt to make metropolitan government simpler, more functional and more responsive to citizens' needs. Under the new structure, six major departments replace the more than sixty which were in existence previously.

DAVID HOPPOCK APPOINTED PUBLIC WORKS DIRECTOR

Mayor William H. Hudnut, III announced today the appointment of Mr. David W. Hoppock as Director of the Department of Public Works, effective February 1, 1976.

Mr. Hoppock, an engineer, is the former President of the Bryant Division of the Carrier Corporation. He is currently a management consultant in Indianapolis.

"Dave Hoppock brings to the Department of Public Works outstanding management and professional talents. His engineering experience and work with environmental concerns is uniquely suited to the Department. He will be an excellent public servant and an asset to my administration," Hudnut stated.

Hoppock replaces William I. Spencer who is being considered by the City-County Council to head the new office of Budgetary Control. In commenting on this possibility, Mayor Hudnut said, "I have a high regard for Bill Spencer's ability and expertise in financial matters, and feel that he could very well serve the City and County in these broad responsibilities. I asked Bill to consider this possibility in an earlier conversation, and have communicated this opinion to the leadership, and urge this favorable consideration of the appointment. I would urge Mr. Spencer to accept this job at the salary offered by the City-County Council which has been patterned after the incremental increase established for the Directors and Deputy Mayors."

As Director of the Department of Public Works, Hoppock will be responsible for the operations in the areas of environmental services including sanitation, air pollution and flood control. Major projects within the Department include the extensive east and south regional interceptor sewer construction program and the \$120 million advanced treatment facilities addition at the City's two wastewater treatment plants. The Department has 800 employees and a budget in excess of \$13 million.

Dave Hoppock graduated with honors from Lehigh University where he was elected to the Tau Beta Pi Honorary Engineering Fraternity. He served as a Lt. Colonel in the Army Ordnance Corps during World War II following graduation from the Army Industrial College. He was awarded the Legion of Merit.

After joining the Carrier Corporation in 1945, Hoppock successfully served in many divisions of the Corporation including the presidency of Bryant Air Conditioning Company located in Indianapolis. He was appointed Corporate Vice- President of Carrier Corporation in 1973.

Active in many civic and religious affairs, Hoppock has worked extensively with the United Way, Indiana Manufacturers Association and the Chamber of Commerce. He is currently a director of the Visiting Nurses Association and a member of the St. Paul's Episcopal Church Vestry.

Dave and his wife Cora reside at 6280 North Olney Street.

TO THE MEMBERS OF THE CITY-COUNTY COUNCIL
INDIANAPOLIS - MARION COUNTY, INDIANA

The undersigned Mayor of the Consolidated City of Indianapolis reports and shows to the City-County Council:

That Marion County, Indiana, has an appropriation and taxes to meet such appropriation made and appropriated at the regular meeting of the City-County Council in the year 1975 for the year 1976 for the General Fund of said County with which to meet the general current operating expenses of said County.

That there are not now and will not be until the 1976 Spring installment of taxes is paid and available sufficient funds on hand in the General Fund out of which the County Treasurer can meet and pay the current operating expenses of said County.

That the assessed valuation of taxable property in said Marion County for the year 1975 payable in 1976 is, after deducting all exemptions allowed by law, \$2,189,501,860, and that there was levied for the General Fund in the year 1975 payable in 1976 the sum of \$.780 on each one hundred dollars (\$100.00) of taxable property in said County, making a total sum levy for the General Fund and appropriated for said current operating expenses in the sum of \$17,078,115.

That the Mayor estimates that the sum of \$5,000,000 is necessary to meet and pay said current operating expenses of said County until said 1976 Spring installment of taxes has been paid and is available.

Your Mayor further respectfully shows that it is imperatively necessary in order that said current operating expenses of said County will be paid from said \$5,000,000 until said 1976 Spring installment of taxes is paid and available, that Tax Anticipation Warrants be sold against and in anticipation of said taxes now levied and in process of collection.

WHEREFORE, your Mayor and County Auditor make this their estimate and request and they ask that the Council authorize Marion County to sell Tax Anticipation Warrants in the sum of \$5,000,000 in anticipation of and against said taxes now levied and in process of collection and issue Tax Anticipation Warrants to evidence such loan to provide for payment of said current operating expenses of said County.

DATED: January 8, 1976

Re: 8524 East Washington
St., Petition for Annexation
of property, YEM Development
Company, petitioner

Dear Bob:

Last November I filed a Petition for Annexation of the above property to the Fire Special Service District of the City of Indianapolis, I received the findings of the Division of Planning and Zoning dated December 18, 1975.

This is a room in a shopping center, and the purpose of the annexation was to accommodate a tenant who intended to open a package liquor store. However, the proposed tenant has indicated that he is not going to lease the premises, and we therefore wish to withdraw our Petition for Annexation.

I would appreciate an acknowledgement from someone that this proposed ordinance has been withdrawn from consideration by the Council. Thank you.

Very truly yours,

ESKENAZI, MITCHELL, YOSHA & HURST

Irwin J. Prince

Discussion followed, during which Councilman Clark, Mr. Kias and Mr. Strickland spoke concerning these proposals. During this discussion, Mr. Kias, in behalf of the petitioners, agreed to covenant that, if these proposals were adopted, they would build the single family dwellings on property north of the proposed rezoning at the same time as the multifamily dwellings (Proposal No. 99, 1976), and that they would be built prior to construction of the commercial center (Proposal No. 98, 1976).

President SerVaas stated that a separate vote would be called on each proposal and that it would take a vote of at least 20 Noes to reject the proposals.

Because twenty negative votes are required by statute to reject a rezoning ordinance certified by the Metropolitan Development Commission, Proposal No. 98, 1976, became effective on the following roll call vote; viz:

President SerVaas asked Mr. Kias to present the case of the petitioner to the Council. Following the presentation by Mr. Kias, Mr. Harry Salabury, President of the New August Civic Association; Mrs. Purdy; and Mr. Tom Weigel spoke in behalf of the remonstrators. Mr. Weigel requested the remonstrators to stand. Approximately fifteen people stood.

After the presentation by the petitioners and remonstrators, Mr. Gary Stair of the Division of Planning and Zoning was requested to come forward so Council members could ask questions concerning this proposal. Following questions by Council of the petitioners, remonstrators and Mr. Stair, Councilman Tintera moved, seconded by Councilman Kimbell, to postpone Proposal No. 100, 1976, until the next meeting of Council.

The motion to postpone was defeated by voice vote.

Following further discussion, President SerVaas called for the vote, advising Council, again, that it would take a vote of at least 20 Noes to reject the proposal.

Consent was given for Councilman Boyd to read the following statement:

A STATEMENT IN SUPPORT OF THE JUDICIAL PROCESS

Because we believe that the American system of jurisprudence does not require that all judicial decisions be acceptable to everyone, and

Because we believe that redress and recourse to perceived inequities and discrepancies in the system are generally obtainable through the system itself, and

Because we believe that responsible public leadership cannot at all condone (by approval or silence) publicly made suggestions that law enforcement agencies assume responsibilities of the judiciary in the determination of guilt and punishment,

The Indianapolis City-County Council does hereby express its concern and disapproval of the statement made by Lt. Robert H. Stark of the Indianapolis Police Department

suggesting that police officers be less diligent in determining the amount of risk involved in approaching suspected criminals and that self-defense be their overriding concern.

s/Councilman Rozelle Boyd

Councilman Boyd moved, seconded by Councilwoman Journey, that the Council endorse the statement. Considerable discussion followed concerning the contents of the statement, after which President SerVaas called for the vote. PRESENTATION OF PETITIONS

Councilman Howard stated he had a petition from concerned businessmen regarding the parking ban on East Washington Street for presentation to the Council.

Councilman Boyd presented a petition to the Council requesting censure of a statement made by Lt. Robert H. Stark of the Indianapolis Police Department. Councilman Boyd moved, seconded by Councilman Hawkins, that the City-County Council censure the statement made by Lt. Stark. Councilman Boyd then read a statement entitled "Comments on the Motion to Censure", which reads as follows:

COMMENTS ON THE MOTION TO CENSURE

Both opportunity and time have existed for Lt. Stark to graciously and gracefully retract his statement or apologize. So too, has the opportunity and time existed for this administration to take and establish its own positive and public position. We have let the time for grace pass and now it would seem that we must take the deliberate action of censure. Two weeks ago it might have been sufficient (as was then suggested) for this Council merely to adopt a statement expressing our disagreement and disapproval of Stark's well-publicized position and, more importantly, to get our own positive position on record. For reasons which are still unclear we thought this to be too bold a step or, at least, premature.

In our procrastination and in the meantime, many established and reliable organizations and persons in our community have made their positions known and have thus assumed the positions of leadership which should have initially been the role of this Council. None of these organizations and persons can, however, carry the weight of this Council and so there is still something missing.

In our procrastination and in the meantime, we have let questions of race slip into an issue which is fundamentally not racial. This is negligence of the first order and represents false comfort in the nature of things in Indianapolis.

In our procrastination and in the meantime, we place in precarious balance the positive police-community relations which are so important to a stable and manageable community. We owe it to our Police Department to let them know that they have our support and that we will not judge them nor let community attitudes develop against them based upon the unreasoned publicly expressed thoughts of one whose identity as their leader and spokesman has already been well established and very inadequately challenged.

One of our high public officials in recent comment about this whole matter has suggested that he will not be a part of muzzling the freedom of speech of Lt. Stark. It was Oliver Wendell Holmes, one of our nation's and history's most distinguished jurists who, in re-establishing the fact that freedom is relative and not absolute said, "...the most stringent protection of free speech will not protect a man in falsely shouting 'Fire!'

in a theatre and causing panic." True personal freedom in the social setting must be based on a greater consideration for the broader group. We have heard the individual shout of fire but refuse to see the developing panic. It is very important to note here that the very same amendment which guarantees that truly very precious freedom of speech also guarantees the right of people to peaceably assemble and to petition government for a redress of grievances. If the Stark statements are allowed to stand based upon our concern for his freedom of speech by what means then do we measure and counterbalance the equally important rights of each individual and the collective community to seek a redress of grievances through the petitioning of this government body?

A heretofore unmentioned or unemphasized concern which would seem to be of prime significance is the forward intimidation of juries -- the intimidation of juries yet unselected -- the threat to jurors who have yet to serve. How many persons sitting in judgement of other persons will find themselves, either consciously or subconsciously, being less objective as they consider whether a particular decision is going to be popular and acceptable to particular agents or agencies of government. How many will feel even less inclined to pursue truth if they feel the possible consequences will be unanswered censure by agents of the government? One might even question whether the forward intimidation of juries was the greater concern.

One final observation about government process and management. One of the keystones of American Constitutional Democracy is the principle of the separation of powers. The powers of the branches of government are neither absolute nor absolutely separate. The relationships have been deliberately tempered by the equally as important system of checks and balances. Each branch of government is restrained in its use of power by certain specific powers which are designated for another. That the executive branch have some check upon the judiciary is a part of design. That this check is totally unacceptable and is an exercise of power which needs to be checked by this body.

A lengthy discussion followed, during which many members of the Council expressed opinions regarding the motion before them, and the statement read by Councilman Boyd. Following this discussion, Councilman Cantwell moved, seconded by Councilman West, that the item be referred to the Public Safety and Criminal Justice Committee.

The motion to refer to the Public Safety and Criminal Justice Committee the petition and motion by Councilman Boyd requesting censure of Lt. Robert H. Stark was passed on the following roll call vote; viz:

15 AYES: Mr. Bayt, Mr. Boyd, Mrs. Brinkman, Mr. Campbell, Mr. Cantwell, Mr. Durnil, Mrs. Hart, Mr. Hawkins, Mr. Howard, Mrs. Journey, Mr. McPherson, Mr. Pearce, Mr. Vollmer, Mr. Walters and Mr. West.

14 NOES: Mr. Anderson, Mr. Clark, Mrs. Coughenour, Mr. Dowden, Mr. Gilmer, Mr. Gorham, Mr. Kimbell, Mr. Miller, Mr. Patterson, Mr. Rippel, Mr. Schneider, Mr. SerVaas, Mr. Tinder and Mr. Tintera.

Councilman West read Proposal No. 190, 1976, and requested Council approval of the proposal as a Special Resolution commending Dr. Cleo W. Blackburn on his service to the community.

Proposal No. 190, 1976, was passed by unanimous voice vote, was retitled Special Resolution No. 10, 1976, and reads as follows:

The following factors may be taken into consideration in evaluating such program:

(1) The degree of control in relation to other similar facilities which produce air pollution; (2) The age and prospective life of the facilities in question.

(c) A program promulgated pursuant to this section shall be submitted upon the order

action on the appeal. A fee of twenty-five dollars (\$25.00) shall be posted to cover the costs of the hearing and this shall be refunded only if the appeal is sustained. The ~~director or the superintendent~~ administrator whose action or failure to act is the subject of the appeal shall forthwith furnish to the board his information relating to the case. The board shall, not less than ten (10) days after the date of filing of the appeal, set a date for the hearing and shall give notice thereof by mail to the interested parties. The board may at its discretion grant a continuance.

Sec. 4-32. Variances.

(a) Grounds; scope. In the event that the ~~aAir pPollution eControl bBoard~~ shall find that the compliance by a particular person with the provisions of this chapter or of rules and regulations adopted by the board pursuant of this article would result:

(1) In an arbitrary and unreasonable taking of property, or (2) In a practical closing and elimination of any lawful business, occupation or activity, or (3) In an undue hardship upon any person; without a sufficient corresponding benefit or advantage to the public in the reduction of air contamination the board shall prescribe other and different requirements, not more burdensome than the requirements of this chapter or of the general rules and regulations adopted pursuant to this article, applicable to plants and equipment operated by such person; provided, however, no such variance may permit or authorize the maintenance of a nuisance.

(b) Notice of hearing. ARTICLE III. MINIMUM STANDARDS

Sec. 4-148. Legislative policy; regulations to become a part of this chapter.

The prevention of ~~atmospheric pollution~~ in the Indianapolis and ~~Marion County~~ area, an industrial metropolitan complex, must be accomplished by adherence to atmospheric purity standards, which in a large measure must be done through engineering and scientific means, through measurement and control devices superimposed on chemical, manufacturing and combustion processes. Since air pollution abatement, control and prevention is special technical field, the city-county council expressly delegates to the ~~bureau~~ Division of ~~Air Pollution Control~~, to its personnel and to such professional consultants as it may retain, the duty of determining such standards and the adoption of preventative measures, devices and processes which prevent the escape of pollutants into the atmosphere. The ~~Air Pollution Control Board~~ is expressly and specifically empowered and the power of the city-county council is directly delegated, to the board to set air quality objectives, determine the need for specific controls to maintain air purity and to make and amend rules and regulations and set standards to control air contamination within the area. Such standards, rules and regulations, when adopted as provided in this chapter, shall become a part of this chapter and by this delegated power expressly incorporated in this chapter. The entire audio visual presentation lasted forty-five minutes. Mayor Hudnut began the presentation by speaking of the Annual Budget. He made four (4) major points:

1. Mayor Hudnut stated that he tried to hold the line while preparing the City budget. He said he asked each director to indicate their desired accomplishments. As a result of this he received over a million dollars of requests. Regardless of the requests, he still managed to cut back and hold the line.

2. Secondly, Mayor Hudnut stated that he had sincerely tried to be honest with the people. He said that he would not take funds from one department to compensate for another. Each department would be responsible for their own expenditures.

3. Thirdly, he felt it important to bear in mind the total picture. He said the budget

should be observed as a whole and we should join forces and go to the state legislature.

4. Mayor Hudnut then gave four (4) special priorities that he kept in mind while preparing the budget. They are as follows: 1) fight against crime; 2) economic development; 3) roads and drainage; 4) improved management.

PRESENTATION OF PETITIONS

Councilman Howard asked the Clerk to read the petition from the Black Community regarding the Department of Metropolitan Development, which reads as follows:

August 23, 1976

Dear City Council Members:

The United States is a land of Opportunity and plenty, where all of its' people are supposed to be guaranteed, by the constitution, the right to the pursuit of that goal. That is the philosophy of the American way, but the actual practice has been the short changing of the black community.

In Marion County, the black community finds the practice of discrimination and neglect in full bloom within the Department of Metropolitan Development. No other department of government has as greater an impact on the inner city and black people as that of the Department of Metropolitan Development. D.M.D. decides where the next reservation will be located. Where black people are moved around in this city like Indian tribes upon the desert. The city builds a Lockefield Gardens, now they are going to destroy it and decide where the next housing reservation will be provided. All of this of course with no black input.

D.M.D. has approximately 194 employees, not counting C.E.T.A. employees approximately 23 blacks. Only 2 blacks are in any semblance of a management roll and

they make no decisions, the remaining blacks are holding the lower jobs and receiving the lowest of pay within the department. That not being enough of an insult to the black community, recently the unwarranted request for Mr. Al Green's resignation as Administrator of Urban Renewal with no prior indication of ineffectiveness in his work or professional ability. This is the last insult that the black community will stand for.

We therefore ask that the budget for D.M.D., not to be passed until:

1. That there be some black representation in the affairs of Metropolitan Development.
2. We can consult with the proper federal officials to ascertain whether or not federal laws have been violated.
3. A thorough investigation into the request for Mr. Al Greene resignation.

Respectfully submitted,

Concerned Citizens

Mr. SerVaas said that the Council will look into this matter and make a report at a later date.

Councilman Miller presented a resume of Mr. Millard W. Jones. He asked that Council members appoint him to the Board of Zoning Appeals. Mr. Clark called for a point of order and said that appointments have always gone before the appropriate committee in the past.

Mr. SerVaas explained to Mr. Clark that this was to fill a vacancy that needs filling as soon as possible.

Councilman Durnil said there were requests for nominees several weeks ago and none were submitted.

The Chair asked that the nominee appear before the committee and asked Mr. Miller to advise Mr. Jones of this.

INTRODUCTION OF GUESTS

No guests were introduced.

ANNOUNCEMENTS

Mr. SerVaas told the Council that the Airport Authority would like to invite them to visit their offices on August 26, 1976, at a dinner, to show their long range plan. After discussion, the Council members decided to postpone this invitation until after September 13, 1976.

Mr. Cantwell spoke to members of the Council regarding the Republican Caucus which was held last Friday and Saturday. He felt that the hours the minority members spent going over the budget were entirely wasted. Following much discussion, President SerVaas said that he would be willing to visit with a minority caucus if they wished to have one.

ADJOURNMENT

Upon motion duly made, the Meeting was adjourned at 9:15 p.m.

We hereby certify the above and foregoing is a full, true and complete record of the proceedings of the City-County Council of Indianapolis-Marion County held at its regular meeting on the 23rd day of August, 1976.

**TO THE HONORABLE PRESIDENT AND MEMBERS OF THE
CITY-COUNTY COUNCIL OF THE CITY OF INDIANAPOLIS:**

Ladies and Gentlemen:

Returned herewith, without my approval and signature, is City-County Special Resolution No. 14, 1976, which was adopted by the Council on September 13, 1976. This special resolution authorizes and directs "the appropriate officers of Marion County, Indiana, to cause to be prepared and executed an appeal to the State Board of Tax Commissioners and the Indiana Local Government Tax Control Board for authority for an excess levy for the County General Fund in the amount of One Hundred Eighty Six Thousand, Four Hundred Fifty One Dollars (\$186,451).

As you know, Special Resolution No. 14 was one of the various ordinances and resolutions pertaining to the 1977 Budget adopted by the City-County Council last Monday evening. Previously, I have approved and delivered to the Clerk of the City-County Council, Mrs. Beverly S. Rippy, the ordinances and resolutions over which I have control as Mayor. However, I have chosen to veto Special Resolution No. 14.

Budget-making always involves difficult decisions, and the end result always involves the good with the bad, the sweet with the bitter. I am grateful that many of my priorities are met in the City Budget - there is money to continue the fight against crime in our community, to improve our residential streets, to start a program to improve drainage, and to promote economic development. Likewise there is much in the total budget that will be beneficial to the entire community, for which I am also grateful.

However, I cannot help but also observe the bad. The portions of the budget over which I have little or no control are the parts that have gone up the most. To meet the legal obligations imposed upon us by prior bond issues, the tax rate for sinking funds has had to be increased. Furthermore, in contrast to the modest increase of about 3% in the City operating budget, the budgets for the County agencies are up over 13% and the municipal corporations are up over 29%. I wish that these portions of the total budget, over which I have no control and which by state statute I cannot veto, had been pruned more by the City-County Council committees before final passage.

To my way of thinking, given the substantial increases in the county budgets, and the opportunity to prune unneeded monies, it is fiscally unnecessary to request a tax rate in excess of that permitted under the State's property tax control program. Of course, the commitment to community mental health centers must be met. The appropriation for the centers is in the budget and my refusal to sign the resolution should in no way be construed as a negative judgment on the importance of the contribution that community mental health centers make to our total welfare here in Marion County. Instead, I believe that as an operating expense, the monies for the centers should be budgeted at the front end of the process (since these are mandated), and other expenditures (not all of which are mandatory) should be brought into line with the total revenues available without appealing for an excess levy. In other words, why not trim some other parts of the County General Fund by an amount of \$186,451 in order to balance the budget. In my opinion, if the appropriate Council committee members looked hard enough, they would find a way to do that, without forcing an appeal for an excess levy on us. Surely, since the mental health centers were in last year's budget, at the same amount, it means that other budgets in this fund have been raised this year, and the implication is quite plain to me that they might possibly be pared back.

Consequently, because I believe the request that I join the appeal for an excess levy is unneeded, I will not sign this resolution and am returning it to you for the Council's consideration. Needless to say, if the Council members override my veto, I will join in the appeal to the State Board of Commissioners and the Indiana Local Government Control Board for authority for an excess levy for the County General Fund. But at this stage of the process, I feel constrained to take this stand as a matter of conscience.

Respectfully,

William H. Hudnut, III
Mayor

CITY—COUNTY COUNCIL MOTION

Motion Regarding DCS Funding Plan for 1977

Mr. President:

While I voted with the Administration Committee in the meeting on last Thursday, regarding DCS Funding for 1977, I still have some reservations regarding the plan.

One thing we don't want to do is cut out agencies who have provided quality services nor cut off funds to areas needing services.

MOTION:

I move that the Multi-Service Centers serving areas not recommended for funding be given a three month period, and funds during this period be provided by DCS.

This is the least human thing we can do. The three months would allow time for agencies, their staffs and Boards to reorganize, effect modifications and implement them thoughtfully.

s/Councilman Hawkins
